The *All of Us* Research Program's Policy on Posting in IdeaScale

The views expressed by people submitting use cases or comments may not reflect those of *All of Us* Research Program or the National Institutes of Health.

Use cases or comments that contain the following will not be published in IdeaScale:

- Vulgar, obscene, profane, threatening, or abusive language; personal attacks of any kind
- Discriminatory language (including hate speech) based on race, national origin, age, gender, sexual orientation, religion, disability, or any other discriminatory language
- Endorsements of commercial products, services, organizations, or other entities
- Repetitive posts (for example, if you submit the same idea multiple times)
- Spam or undecipherable language (gratuitous links will be viewed as spam)
- Copyright infringement
- Links to external sites
- Solicitation of funds
- Procurement-sensitive information related to any current/future NIH acquisition
- Publication of surveys, polls, and questionnaires
- Personally Identifiable Information (PII) or Sensitive Information (SI); any personal identifiers will be removed if they can or the use case will not be published
- Posts that are deemed unresponsive
