8:30 AM – 8:40 AM	<p><b>Opening Remarks: Reason for Opioid Joint Subcommittee Creation</b>          Kitcki Carroll, Executive Director, USET</p> <p>A USET Prescription Drug Task Force was created in 2012 to address the influx of prescription drug abuse and misuse within our member Tribal Nations. The Task Force met several times but soon lost momentum due to lack of funding and staff time dedicated to the group. In light of the Substance Abuse and Opioid Abuse Roundtable session conducted during USET’s Semi-Annual Meeting, a Subcommittee was formed to address the emerging health and safety issues related to the increase in prescription drug and other forms of substance abuse and misuse. The Subcommittee met during the past year and has been charged with developing priorities to address advocacy, community education and preventative activities.</p>
